### 3. The key point customers more care about than before:

#### PRICE

Customers are more care about price due to US dollars' upvaluation

#### INNOVATION

More and more customers requested innovative products either in function,desgin or in new materials

#### ORDERS

Customers prefer small orders but request High quality,new design products.

### 4.TINZONC VISION:

We think there will be more and more fashion and function bags in next years.

And orders will be smaller and there will be smaller and medium customers.

The hot popular bag means good quality, good design, good price and fashionable.

Therefore, manufacturers need to have a competent R&D team and good production capacity for it.

And that is what TINZONC pursues.
